Good morning Council,

We're sending out a final reminder for the security feedback survey. Please feel free to complete the survey yourself and/or send it around to constituents. As a reminder, the City is looking to gather feedback about the addition of security services contracted to increase safety for neighbors accessing shelter services and for community members in adjacent neighborhoods, and to decrease the need for law enforcement in those areas. **Please take 5 minutes to complete this survey to share your perspectives by Wednesday, May 4.** See the Safe Shelter page on Engage Missoula for other information about the City's efforts to address houselessness in our community.
