Hi all,

This is how our community feels as you sit back in your homes Via zoom and are visibly distracted.

This is how the community feels when you all use your cellphones during public commentary, as officers presiding over “open meetings.”

To the best of my knowledge there is Montana state case law forbids private conversation by presiding officers during these meetings.

So if you’re all planning on being so disrespectful as to answer your phone during meetings put it on speaker and introduce them.

I’d also suggest you shut off the presenter’s chat feature too.
