All,

Attached is the Agency Memo requesting your comment on the Mullan Master Plan and Form-Based Code.

In January of 2020, Missoula County and the City of Missoula began a joint master planning project for a portion of northwest Missoula. This area is one of the fastest growing in Missoula County and the plan creates a vision for that growth.

Comments are due by Friday**, September 25, 2020** and can be sent to me - tzavitz@ci.missoula.mt.us. Drafts of both documents are now available for review on the Engage Missoula website.
