How many people must die before the Missoula City Council requires the police department to stop shooting us? Where are the de-escalation tactics? Where is the transparency in the form of detailed information about the incident and officers involved? When I paid for a copy of the police report on the incident earlier this year where a black teen was accosted by a group of armed men, the report consisted of only ONE SENTENCE THAT DIDN'T DESCRIBE ANYTHING SUBSTANTIAL ABOUT THE INCIDENT. It did not identify the officers, victim or suspect involved. Where is the accountability to hold the officers and department responsible? The council continues to allow the police department to do whatever it wants. WHY?
