Hello,

Bare pcb, pcba one-stop service and clone service are you interested in any one of them?
We DALIAN FRS ELECTRONIC CO.,LTD, focus on printed circuit board filed to help you supply convenient and fast service. If you have project and give it to us, then we will supply full set of project quotation to help you avoid finding different suppliers trouble.

Bare pcb: One layer, 2~10 layer pcb production.
Components: Purchase for you based on bom list.
Assembly: MOQ is 1pcs only
Test: 100% electronic test for bare pcb, if necessary we have AQI test too.
For pcba, we can do functional test if buyer supply test way and test devices.
Clone service: Help you get production file from sample board , also can do small modification to do distinguish with original board that will help get more market for your projects.

Welcome contact me for project discussion.
PCBA news will send everyweek , if you are interested welcome notice my email :)

Regards,
Lucy
