Good morning, Mr. Rankin,

I had started a reply to your message but had not completed it. I will do so as soon as I can. Much work has and continues to be done around Missoula's homeless population.

Regards,
Bryan

If there is an issue with my e-mail, I apologize. If there is not an issue, then I find it very disheartening that not a single council member thought that it was worth responding to my concerns that I, along with many other citizens, find to be very valid.
