Subject: Say No to Trans-phobic Developers

To Whom it May Concern,

This new development where the Missoulian currently is is worrying to me and many others. Aaron Wagner and others' transphobic comments to concerned locals reaching out to them has been unacceptable. We need affordable housing, not luxury apartments.

I am part of the LGBTQ+ community who grew up low income, I hope you reconsider this project. The realtors don't have our values at heart and would gentrify us further. Thank you, have a good night.

Sincerely,
Sabrina Q.
