Mayor Engen:

Before the June 5, 2020 armed white vigilante attack on the black teenager, you told us that you, Chief White and Sheriff McDermott had an "Ops Plan" in case the vigilantes at the courthouse BLM protests got out of control.

That's dubious, given that they DID get out of control and the police arrested the victim of the vigilante group assault on the young black man, then "unarrested" him and drove him home.

It's important to know whether an "ops plan" was ignored by police, or whether you lied about there being one.

IF THERE WAS SUCH AN OPS PLAN, LET US SEE IT.
