I agree w/heather harp's sentiments in 'We cannot be bystanders to hate' until the last two lines:

'*We must pray. And when God commands us to love our neighbor, we must listen.*'

Heather Harp is the executive director of Habitat for Humanity of Missoula and represents Ward 3 on the Missoula City Council.

Please, Ms. Harp, keep your 2 hats separate. Remember the city council is secular and u cannot tell the people you represent they '*must pray',* and that '*God commands us*'.
That's a similar assumption to 'everyone is white': 'everyone is christian'. *Not.*
