Subject:	Common Good Missoula Housing Trust Fund
Date:	Sunday, July 12, 2020 6:01:03 PM

Dear City Council,
I am a citizen of Missoula county who has been actively involved in learning about housing in Missoula and in solidarity with Common Good Missoula I am writing to ask you to incorporate our consensus requests into the Housing Trust Fund resolution:
- Establish Housing Trust Fund to be included in 2021 budget
- Establish oversight committee with decision making power including good citizen representation: BIPOC representation and 50% representation by cost burdened renters including people with disabilities, history of incarceration, vouchers, labor representation and eventually renters living in HTF housing.
- Housing as a human right
- Commit to an anti-racism frame for HTF, committee, and funding
- Ensure broad parameters that don't exclude any funding mechanisms. - Commitment to move toward more funding from City in the future

This is important to me because I have worked in elementary schools with young students experiencing homelessness and know the hoops many Missoula families have to jump through in order to recieve any housong assistance. No child should live without safe shelter.

Sincerely,

Clara Meinershagen
