Yesterday the Sheriff's Department had a critical incident call that depleted their resources. Through a mutual aid request the PD was asked to assist and take high priority calls for the Sheriff in parts of the county.

Hi Jean,

Thanks for the note. I'm copying our new police chief, Jaeson White. Jaeson, can you shed some light on this for Jean?

Best,

Subject: City police patrol in Frenchtown

Hello All,
I was coming back from Frenchtown Pond today about 4:25 pm and met a city police car on the frontage toad near the Frenchtown High School. I am just curious why the city police is patroling so far from town.
Thank you. Jean Curtiss
