Subject:	Please DO NOT defund Missoula Police
Date:	Wednesday, August 12, 2020 12:08:45 PM

Dear Missoula city council,
It is recently been brought to my attention that there is a radical movement in place hoping to defund the Missoula Police Department. Please thwart this idiotic political effort to create disruption and unrest in our stable community. As we well know, law-enforcement in Missoula is integral to the safety and well-being of all citizens, businesses and travelers. Any effort to defund our police department is simply fake outrage and has no place in a civil society such as ours.
As a law abiding and taxpaying landowner of Missoula County, I implore this council and all policy makers of the Missoula community to use practical knowledge and good decision making during this unprecedented time of social unrest. KEEP MISSOULA LAW ENFORCEMENT IN PLACE.

Best regards,
Frederick J Fanizzi
