To whom it may concern,

This is the second time in only the couple weeks that Missoula has had SIGNIFICANT -and large payments made to law firms regarding the water company.

I have search high and low through all budget documents for FY 2020 as well as FY2021 and have yet to find a single line item or mention of these fees!

I have also requested documents through the city clerk concerning all payments made thus far...

So far I've heard and seen nothing in regards to this. The public deserves to know what is projected to be spent on this topic.

Please schedule an update on this matter ASAP and add it to your budget in a clearly described line item or new budget request.

Thank you all very much!

Regards,

-Matts Larson
