Hi all,

Let me know if I can help you facilitate in person Hybrid meeting in any way, shape or form.

This needs to be implemented ASAP to be in compliance with state law! Sounds like the mayor himself is aware that the current (very much lacking zoom only format) is questionable at best as it relates to “open meetings” and state law. Gee wiz! I hope you get it done before someone challenges any of the decisions made during the councils deliberations... that could be catastrophic to the effectiveness of your ability to get anything done! Covid doesn’t give you a pass to violate or not adhere to state law!

Oh well, guess you all are fully aware of what you’re doing. ♂

Regards,

-Matts
