Subject:	care of missoula roads in winter
Date:	Monday, October 26, 2020 3:53:29 PM

We have lived here for almost 4 years and we feel that the roads here in the city are disgraceful.We drove on Reserve today and its a mess.Russell,Broadway and Brooks clear but not Reserve.We live in Pleasant View and the roads here may get plowed about 3 times over winter and nothing is done about the ice that forms underneath.Its the same way on Reserve .We are from Pittsburgh and our roads were well taken care off but they used salt.For some reason salt is not used here and i was told that its too expensive.In other words the expense is more of a concern than the danger to the residents
