Dear City Council:
I'd like to add my voice to those who are advocating adding more walking/running trails on city land. I am an active runner and truly value and appreciate being able to enjoy my recreation within city limits. I've lived in many different places over the years and can say that Missoula is, without a doubt, the most friendly, pro-enjoyment the outdoors, be active town I've ever known. Especially during Covid the ability to safely recreate close to home is invaluable.

Thank you and let me know if you have any questions.
