Hello,

Thank you for your service to our city and for your time contemplating the matter of city ownership of land on Mount Dean Stone.

I would like to add my input that I am in favor of the city following through on this purchase and pursuing the continued addition of new trails on this property. These trails projects and infrastructure have gone a long way to help define the current identity of Missoula and many of its citizens. The trails add an uncommon amenity that is one of the best threads in Missoula's tapestry . Please pursue this project

Thanks and happy holidays!

Darren
