Subject: Re:: Consent Agenda Item 5.5
Date: Sunday, December 6, 2020 4:30:24 PM

Dear City Council,
I respectfully request that you defer approving the Professional Services agreement with ERA Lambros until you have thoroughly assessed and approved the properties being considered for sale. One example being 507 Simons Drive.
507 Simons Drive is located below High Park (listed as High Park #1 in the County property info system), the one and only park in the immediate neighborhood. 507 Simons Drive, when combined with 505 Simons drive (undeveloped property apparently owned by WSB Enterprises LLC, Agent: Bennett Law, 124 W Pine St.) would provide an excellent open space undeveloped park for the community.
507 Simons by itself may appear to be of little value. In the context of limited open space within Missoula I see the potential sale of this property as a big loss.
Thank you for your time and consideration as to deferring the consent agenda approval until the properties listed as examples and other potential properties are given full consideration,
Raymond Aten, resident Farviews-Pattee Canyon neighborhood
