Subject:	Flavored Tobacco ban
Date:	Sunday, January 17, 2021 3:04:35 PM

Dear council members,

I came across an article regarding the banning of flavored tobacco products. The ban did not have the desired effect they had hoped for. The same thing is going to happen here. People will now be driving to Florence, Arlee, and Seeley Lake just to name a few to get what they want. Meanwhile I know of at least four stores in Missoula that will probably close. Just what we need more people unemployed. To stop under age tobacco use is going to take education and policing. As for the comment I saw about kids vaping in schools. That's on the school and teachers. When my daughter was in high school, she said teachers were quite aware of the problem but chose to ignore it. The link for the article will be in a separate email.
Thank you
