Hi,

It's a policy complaint, it's also raises alarming PUBLIC safety issues!

The Public is paying for this meeting.

It's happening on public facilities with public moneys...

no ones privacy needs to be protected here as it's not a complaint against any one officer...

it's a policy complaint.

The policy of MPD officers is public...

so I really don't see and disagree with your statement that this is a private meeting!!!

Will this meeting have a public commentary portion?

Will I be allowed to speak?

May I please see the draft of the agenda?

Is this policy complaint process supposed to be totally secret normally?

How does that secret process garner meaningful results with policy changes?

Sounds like a murky deadend more then a transparent process to provide improvements.

Please tell why officer kazinsky is included in this discussion and what his role in this public meeting will be?

Is Officer Kazinsky just allowed to be there because he's on MPD and not a mere mortal?

I also wish to attend this meeting in person as do people in the community who are concerned and whom wish to attend... some of these parties were afraid to complain themselves but now wish to make statements...

I am notifying you of that need now, I'll cc' Marty the city clerk on this email.

I had an accident/pedestrian collision that has damaged my phone and I am not sure that the replacement will arrive before that date.

It's made it not possible to attend via zoom.

I also distrust this format as I have had myself and others have had their personal information leaked by the city/Jim Nugent in via a Zoom log file.

Please let me know what accommodations can be made for my self and others in order to attend this meeting in person. This is all as per Montana state law regarding "open meetings"

Thank you and have a great day.

Regards,

-Matts Larson.

Once their review was completed and they have concurred or not concurred with MPD's decision, then you are welcome to discuss their decision in a separate hearing/meeting with them. Your previous e-mail request was interpreted as being a request to discuss the Police Department's handling of your complaint. This is why they wished to schedule a meeting for next Wednesday.

Hi,

This is very much is a public meeting.

I guess I'm confused again did they actually field the complaint prior to the commission and have a ruling or is that what will happen on March 11th?

whom, by name will be in attendance?

Sincerely,

-Matts Larson

While this hearing is at your request to discuss the complaint with the Police Commission members, it is not a public meeting/webinar via Zoom, but simply a meeting on the Zoom platform.

Hi Laurie,

I guess I'm kinda confused why this needs to be done over zoom?

Whom will be in attendance in this zoom meeting? Why are we doing a zoom meeting?

I was fine with a phone call.

I gave you my cellphone number to pass along... waited and now I'm confirming again?

All this would not be necessary if I was allowed to attend the meeting where my complaint was purportedly fielded (although I can't find any record or agenda that reflects that).

This seems so happen a lot whenever I'm supposed to talk to somebody in MPD.

I scheduled with me, it's canceled on MPD side and I'm left with no resolution.

Like when I was hit my a car  inboard day light resulting in a slap on the wrist by the driver whom hit me... after a mysterious phone call between city attorneys office and the traffic investigators. I wished to find have a personal conversation with the chief and had to settle email with the whole world cc'd.

It was murky before but it's very much now transparent... MPD just doesn't give a crap about taking anything I have to say or complain about seriously. Neither does the rubber stamp commission... checks out.

Are there any other hoops MPD requires me to jump through?

Regards,

-Matts Larson
