Subject: Fireworks and noise levels at Ogren park
Date: Saturday, September 11, 2021 12:52:14 PM

Dear Council members,
Again, last night at 11 pm, I was awakened by fireworks from Ogren park. I do not unde6why they continue to be granted permits for fireworks. Your ordinance lists the reasons fireworks are not permitted in the city; the noise impacts animals, children and elderly (I don't think it includes those who suffer from PTSD but it should); it talks about fire danger (Missoula County is back to High); and other reasons. You also have a new ordinance on noise levels in the park. I live a mile from the park and some events there sound like the are in my garage.
There are fireworks now that do not make the loud noise so maybe that is an option.
Please visit your ordinances and require all venues to comply.
Thanks
Jean Curtiss
