Mr. Burchenal

I'm afraid that you have gotten some misinformation. The County, not the City, had a proposal in front of it that involved Larchmont. As I understand it, the County voted on Friday to shelve that proposal so no one is doing anything about any golf courses at this time.

Subject: Another golf course

I am beyond disappointed to hear that the city council plans to desecrate the Larchmont area with another golf course. Just so we can waste water and pander to the small minority of people who actually golf? So we can rip at the little remaining prairie ecosystem in this part of the valley? It is a terrible use of our land. Please reconsider this decision.

We can do better than paving over our little remaining open space.

Sincerely,

Copeland
