Where does it say Developers have an automatic in on Government Moneys and Policy?

Why when I bought my house did I check the Zoning Code, for protections and what was allowed, and was participating in the process as they decided to change zoning by going through the phony motions of Process allowing Residents to participate.
When did you decide resident homes and neighborhoods are secondary to people who are already Here. And that the City can Lie and mislead in Stadium purchases, in water company condemnations, including Lawyers being paid, and the Judge ok, or corruptly with that fact which should have disallowed the condemnation, as a MInnesota Court Ruling stated in the same type of corrupt process in Edina.
I could go on with my discrimination Complaint, the Humane Rights Bureau. But your all aware of that,
