Join City Club Missoula for the annual event featuring University of Montana President Royce Engstrom, Missoula Board of County Commissioners Chairman Bill Carey and Missoula Mayor John Engen. The three leaders will each take a look back through 2014 and a look forward at the year to come, focusing on work the university and local government have done to help the local economy and quality of life.

They'll talk about the work UM is doing at the business incubator MonTEC and in its cutting-edge health care education programs; economic development activities in Bonner and work on the County trails program; and new City urban renewal districts and the planning for Fort Missoula Regional Park.

Following the talks, they'll take questions from the audience. KECI-TV reporter and anchor Will Wadley will serve as moderator. City Club Missoula President Larry Brehm serves as master of ceremonies for each monthly forum.
