

# You're invited...

To help shape the future of open space conservation in the Missoula Valley.

Missoula County Parks, Trails, and Open Lands, and the City of Missoula Parks and Recreation are working collaboratively to plan for the next 10 years of open space conservation, as part of a broader planning process for parks, recreation, open space and trails in Missoula. Please join us for the first open house in this

planning process, which will focus on Open Space conservation in the Missoula Valley. The open house will provide a valuable opportunity for the City and County to hear from you about your priorities and feedback on the vision for the future of open space conservation in Missoula.
