PUBLIC SERVICE ANNOUNCEMENT

For immediate release through September 8, 2018

Bike park construction at Bellevue Park starting soon

The City of Missoula's bike skills parks contractor, Patterson Enterprises, Inc., plans to start mobilizing and construction on the bike skills portion of Bellevue Park sometime around the week of August 13. Per City ordinance, construction activity is limited to Monday through Friday from 7 a.m. to 7 p.m., and the contract requires construction to be completed by Oct. 31. Construction will continue on a variable schedule between those times and dates.

We anticipate most of the contractor's workdays will be shorter than the allowable hours; however, the construction schedule may call for longer days from time to time. Extended workdays reduce job costs and the cost to taxpayers, and shortens the total number of days on site. If you have any questions or concerns about construction, please contact Neil Miner, Parks and Trails Design/Development Manager, 552-6264, nminer@ci.missoula.mt.us.
