									r undeu:
1. Request Rationale:									
City Council and Administration is requesting modifications to the Road District subsidy requirements as part of the Annual Sidewalk Program. The existing Construction Project Assessment Program (CPAP) software requires urgent updates in order to facilitate the new requirements. The update will include a new field data collection system that will enhance staff's ability to complete projects in a timely fashion and provide the ability for staff to track recently constructed improvements for asset management purposes.									
2. Service Delivery Impact	t:		1						
Engineering starr will not be able to utilize existing software to manage annual assessment projects without the update. Without the software, staff will lose critical time and projects will be delayed.									
3. Personnel Requirements (# FTE's required):
