H.T. WILKINSON
Candidate for
MAYOR

As mayor of Missoula I have devoted my entire time to the duties of the office and have endeavored to keep the city on a sound financial basis, with a tax levy lower than the larger cities of the state.

We realize that whatever has been accomplished for the betterment and advancement of Missoula, was only made possible by the hearty cooperation of the citizens and if successful at the polls on April 3, my effort will be to continue to devote my whole time to the business of the city, giving an economical and efficient administration having in mind always the interests of all citizens and the welfare of the city of Missoula.
