Milwaukee Trail Connection Update -

Estimated completion date now is next summer and we will plan a grand opening for the fall. We discussed the need for education before the project is complete to inform people about its opening. We want to remind them of the new crossings and trails adjacent to the roads for everyone's safety.

Communications

Dax reported he has been working to improve the website and will have it on line in the near future.

Large Project Grants

We have requested three large project grants for our neighborhood. Nothing is known at the time of this meeting.

General -

Mike was asked to look into grants for sandwich boards as we do not have enough money in our budget this year.

Respectfully Submitted:

Katie Mickey, Secretary
