PUBLIC COMMENT:

Ray Aten met with the Neighborhood Liaison committee and the Mayor. There are some constraints to the committee's proposals: physical, and budgetary, but the Mayor is excited to see it happen. The Mayor will come to the Community Forum and speak about recommendations of the committee, of which he is in favor of.

Reports:

Staff Report - Jane Kelly

Ms. Kelly asked Ms. Steinike to give a report on the award nomination given to the River Road Leadership team. She reported that the award nomination was for the River Road Leadership Team's work on the Milwaukee Trail. They were honored to have been nominated, but did not win the award.

Ms. Kelly reported on the progress made by the grants committee and some changes this year. The grant application has been approved by the committee and Ms. Kelly issued a press release

and posted information on the web. There will be pre-grant workshops on 1/11/12 and 1/25/12 at 5:30 pm in the Jack Reidy Conference Room at 140 W Pine. There are links to various master plans this year to help citizen identify projects in their neighborhoods.

Adjournment:

Meeting adjourned at 7:18 pm.

Respectfully submitted,

Jane Kelly
