Success!! Clarification on what the state will allow us to do. **General reduction to 30 mph only during school hours in school zone on Reserve St.** If we ever want 30 mph for 24/7 then there is a whole different process with the state departments.

Summer Social Update

Boundary of Franklin Park was researched and clarified the north boundary

The Franklin Park north boundary is the ditch, not the fence. This is the finding of Susan Firth, Deputy City Att.. (Actually it is 40 ft north of the fence where the fence is the vacated 9th St centerline.) No problem for a trail or planting.

Bus Tour Update

Not well attended. 3 hrs long. Next fall it will include F2F neighborhood

Next Meeting

- New Sidewalk Priorities to leverage stimulus money (If available invite Doug Hardy. OPG, to talk about sidewalks)
