

**Captain John Mullan**  
**Neighborhood Council Leadership Team Meeting**  
August 18, 2010 at 7:30 pm  
Barnes & Noble Coffee Shop

Meeting called to order at 7:30 pm

Present – Randy Johnson, Kathie Snodgrass

Absent - Rod Austin, Jordan Hager, Josiah Hodge, Nathan Howard, Heather Phillips

The fall general meeting should be September 14, 16, 21, or 23, depending on what day the school would be available. Randy will ask Nathan to make the arrangements with the school. The tentative agenda will include (in no particular order):

- Discuss whether the Neighborhood should take on the new project of amenities such as benches, pet stations, and garbage cans for the new Mullan Bike/Walk Trail.
- Preliminary design for Pleasant View Park
- Reports from City Council members
- Park and Street District presentation from the City

Budget: Kathie reported that each neighborhood has received its 2011 budget. We have \$800 in our regular budget and a little over \$500 in our mailing supplement.

Kathie reported on the July community Forum meeting. Bruce Bender explained how the special districts would work. The assessment would raise total property tax obligations about 2.15%. The forum told him that people would be a lot more supportive if they could see better service or maintenance for their extra \$, not just more of the same. There's a link on the City Web site that will let you figure out how much you'd have to pay for your special districts assessment: <http://maps.ci.missoula.mt.us/special/> Kathie's assessment would be \$14.20. There will be a hearing on the special districts on September 13<sup>th</sup>.

The next Leadership Team meeting will be September 1 or 2, depending on when most members are available.

The meeting adjourned about 8:00 pm.
