

Riverfront Neighborhood Council General Meeting
01/29/11, 6:00—8:00
Currents at McCormick Park

Thank you all for helping to get the Riverfront Neighborhood together for the pool party and general meeting. I think it was a success. People seem to be interested in continuing the civic conversation in the future. Laval did a great job of summarizing what's up in the neighborhood for past and future plans and neighbors had questions and concerns for city staff. I'm not sure if anyone took official minutes but if they did, they could send them to the Office of Neighborhood to be posted on our site. Maybe we could post the back of the flyer, and the info sheet.

Count:

I think around 70 total but we didn't have a sign in at the door.

The receptionist at Currents counted 25 kids and 20 adults in the pool at the end of the night.

We had 21 people at the meeting and three people from the city including Ellen Buchanan—MRA, Laval Means—Office of Planning and Grants, and Jane Kelly—Office of Neighborhoods.

There were some (5-10?) people that didn't get counted in the swim and didn't attend the meeting but did come to the party.

I sent Lindsey Doe a list of names and emails on an excel sheet so she can send out notices for future meetings in the Spring.

We elected Melodie Stenger and Suzette Dussault for the leadership team. We handed out Melodie's Riverfront Neighborhood Parent's Association information to parents with young children.

Suzette will be the Community Forum Rep and I (Gwen Hoppe) will be the alternate.

Dale McCormick will be stepping down from the leadership team and will be missed but he says he can help out on occasion.

Our next leadership meeting is THURSDAY, FEB, 4th at 6:30 p.m. to accommodate some schedules. This is 30 minutes later than usual.

Gwen Hoppe
