1. By laws were discussed. Tentative changes were approved pending Council approval at the proposed May 6th RNC General meeting. Consensus was that the LT did not need to have standing officers, but appoint officers as needed. As the RNC has met at least twice a year in the past, it was suggested that the by-laws reflect that commitment to community participation by stating in the by-laws that the Council meet at least two times a year.
  2. Discussion followed on the 5th/6th Street Pilot Project. A decision was made to bring a report to the Riverfront Neighborhood Council General Meeting in May for Council discussion. It was decided to move forward to seek City Council approval of the project. A presentation and proposed project timeline will be brought to the meeting for RNC consideration, although the RNC has approved the project in the past.
  3. A Riverfront Neighborhood Council General meeting is tentatively scheduled for Tuesday, May 6th. 5:30 to 7:00pm at Willard School. Tentative agenda items will be :
    - a. By-law changes approved
    - b. Report on 5th/6th Street Pilot Project
    - c. Report on mural project (Willard School/Nutritional Laboratories, Inc.) partnership.
  4. Public comment on non-agenda items
  5. Announcements: The Riverfront Neighborhood Council Leadership Team will hold a planning meeting Monday, April 8th at Bernice's Bakery, 5:30pm. All are invited to attend.
