Summary Description and rationale of project and funding sources:

This project includes development of a park and trailhead for the Milwaukee Trail west across the Clark Fork River, connecting to Mullan Road. Initial development of the park area would include turf, irrigation, trees, soft surface trails and natural areas. Phase two would include a small picnic shelter and playground, as well as a trail kiosk. Currently \$120K of Impact Fees is approved for this project.

History & Current Status: Impact if Cancelled or Delayed

The Neighborhood around Koly Park is quickly developing with many new houses under construction. There is no nearby neighborhood park with amenities for neighborhood residents, children or families. However, the impact fees available for this project are not enough to cover the expected project costs. To potentially achieve a better spending value, we intend to wait to begin the project until we know the results of several grant applications that included connection of the Milwaukee Trail through Koly Park.
