Summary Description and rationale of project and funding sources:									
Important Commuter Connector between Milwaukee Trail at Grove St and Mullan Trail (Mullan Area) via Milwaukee road alignment and Schmidt Lane. Connects existing trail network to Mullan area. Provide key missing link in the Great American Rail Trail, thus significant economic benefit through tourism. Current funding listed includes the 2006 and 2018 GO bond funds to be used as match for federal transportation grants. This section of trail and the crossing of the Clark Fork River were part of a 2024 RAISE planning grant application and would include up to 30% design development of hte trail and river crossing. Status of the grant application will be known in early FY25.									
History & Current Status: Impact if Cancelled or Delayed									
This would connect the current end to of the Milwaukee trail along the corridor to Mullan Rd, and the Mullan Planning Area. This would provide an active transportation connection between Mullan area and rest of Missoula. Project includes a bridge across the current previous railroad piers, and the trail. Out year figures are place holders awaiting engineering estimates.
